

TO WHOM IT CONCERNS

Date: March, 2018

REFERENCES

Vosla GmbH (former part of PHILIPS) is a leading company in manufacturing lamps (bulbs) for different technical applications.

As such, **vosla** manufactures also lamps for Airfield Ground Lighting applications. We supply our lamps to the Airfield Ground Lighting manufactures (e.g. ADB, ATG, Crouse Hinds, Honeywell, Idman, Erni, OCEM, Thorn, YouYang...), to dedicated dealers, electrical wholesalers and direct to the airports.

All those lamps we sell under the trade mark of “**NARVA**”

There are worldwide many airports using NARVA airfield lamps in there maintenance and replacement service (e.g. FRA, BGY, BCN, MUC, DFW, DTW, DUS, GOT, HEL, HAJ, CPH, MAD, DXB,DWC, MEL, MIA, DME, BOM, OSL, VIE, VCE, STR, PEK, SIN...).

Additional we are partner of FAA for supplying them with lamps for all PAPI systems in the US.

All our products are German origin.

Best regards
